

There are many ggplot2 themes

```
library(wesanderson)
# Box plot
bp+scale_fill_manual(values=wes_palette(n=3, name="GrandBudapest"))
# Scatter plot
sp+scale_color_manual(values=wes_palette(n=3, name="GrandBudapest"))
```

Plots can be built programmatically

```
plot_cells()  
from Monocle 3:
```

[illegible]
