## sci-RNA-seq resolves nearly all the cell types in the worm

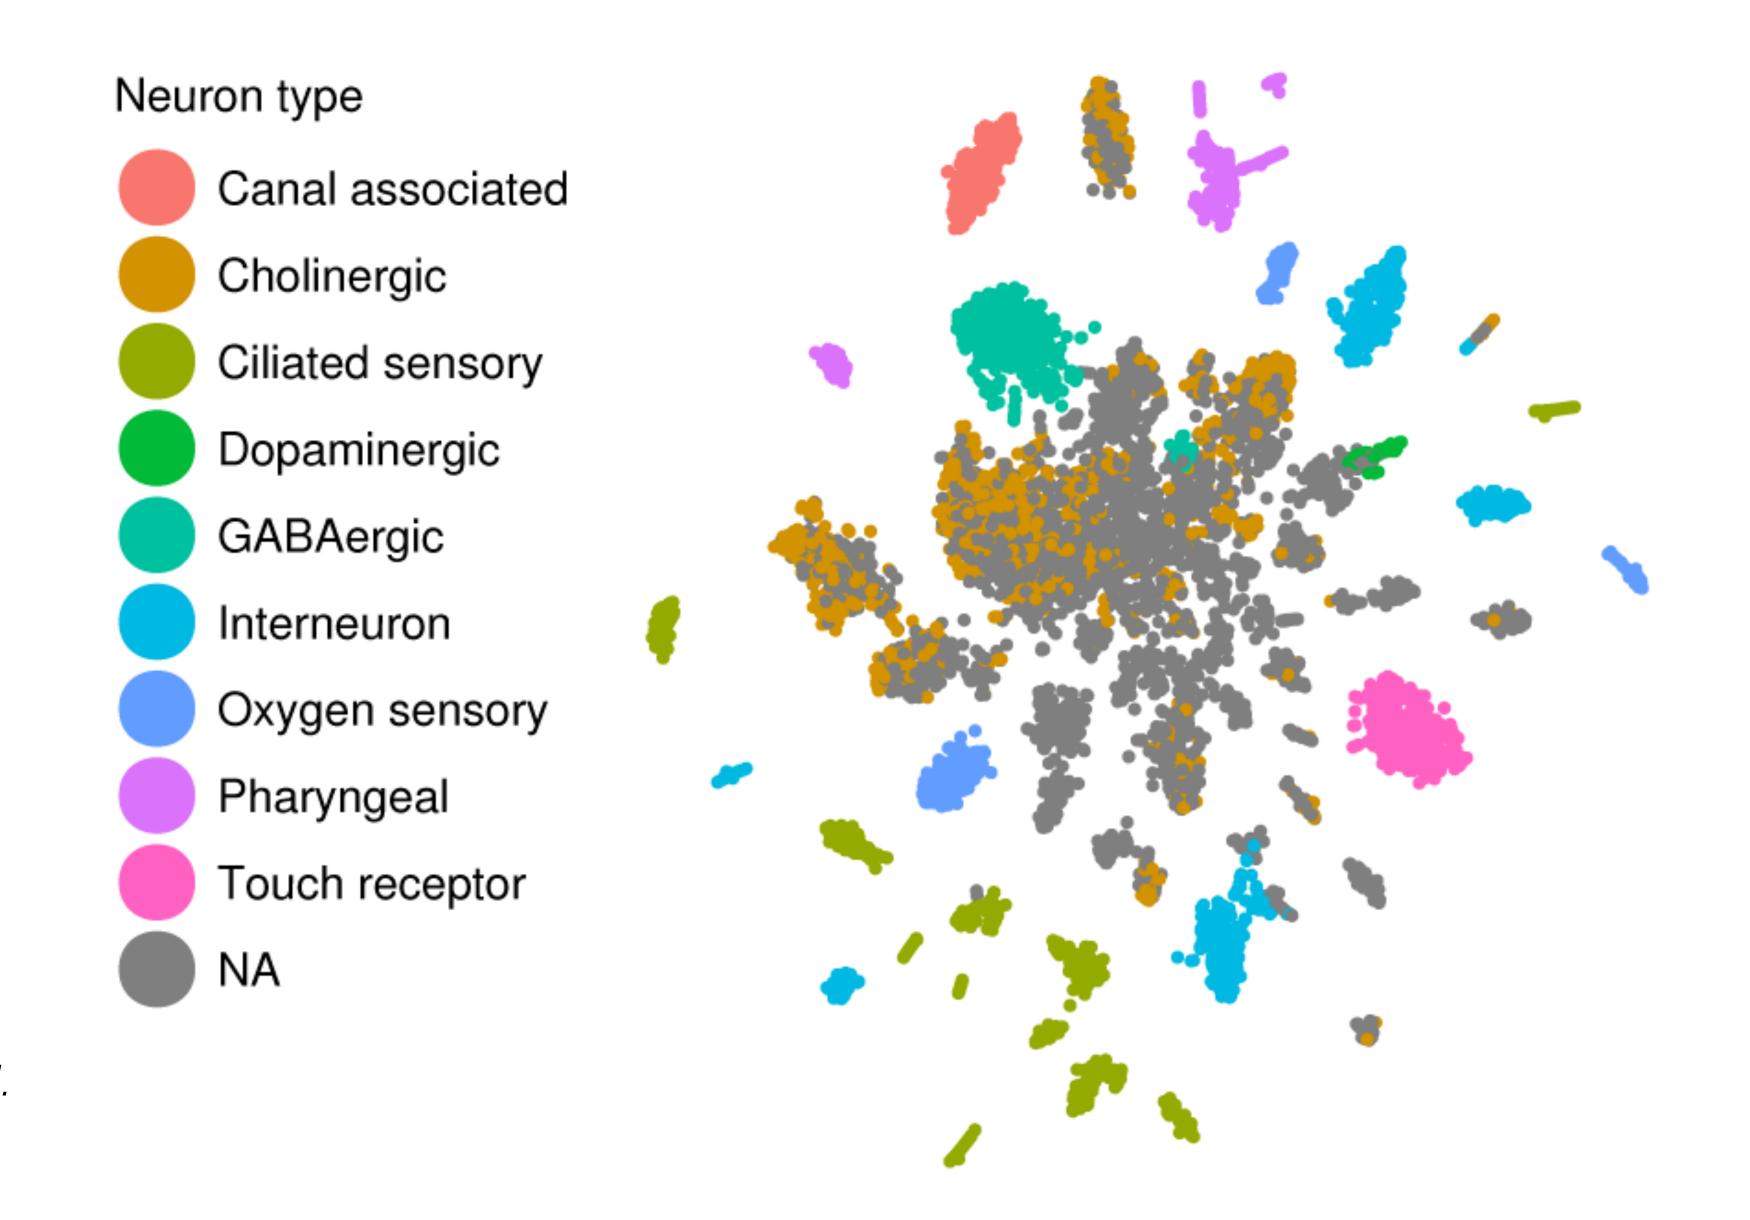

## Cell type

- BM Body wall muscle
- Co Coelomocytes
- Ge Germline
- GI Glia
- Go Gonad/vulval precursors
- Hy Hypodermis
- RM Intestinal/rectal muscle
- U Low coverage or unclear
- Neurons Neurons
- P Pharynx

Cao & Packer *et al.*Science (2017)

## sci-RNA-seq resolves neuron subtypes
